PITBULL Shipping Container Lock

Model: PB-CL

<p>Super security lock for shipping containers.</p> <p>** Includes 55mm ABUS Rock padlock (or equivalent) with shackle protection, 16mm x 90mm gal cup-head bolts, washers and Nyloc nuts **</p>		
<p>Model Number Model: PB-CL</p>		<p>RRP \$465.00 inc GST</p>

PITBULL CONTAINER LOCK is a 3-piece custom designed shipping container lock comprising:

- 300mm long **8mm thick** machined rectangular steel channel, in 3 parts.
- The top and bottom sections of the channel are mounted on the left half of the PITBULL Container Lock, and the middle section mounted on the right.
- When closed, the channel sections are interlocked and secured with a **32x20mm solid steel slide bolt**.
- When interlocked, all gaps are protected by **8mm thick shields** integrated in the design, ensuring there is no access to cut the bolt or jimmy the lock. Shields cover the gaps between the channel sections and between the channel and bolt.

The PITBULL Container Lock **comes with a 55mm Abus Rock padlock** (or equivalent), with:

- **shackle guard** for further protection against tool attacks.
- chrome plated hardened steel lock body.
- special alloy closed shackle.

55mm Rock Padlock (or equivalent) included

The PITBULL CONTAINER LOCK is a unique product proudly **DESIGNED** and **MADE** in Australia by Xtratec Pty Ltd.
